I came to recruit you

After being abandoned by the Godess of Victory, Hayase Mahiro, the genius racer, was unable to win any more. Right when he was at the end of his rope with financing his team, a suspicious man dressed in a black suit appeared before him. His identity? The owner of a private, exclusive club, to which only the chosen ones have access. Mahiro begun working there and with his inherent, unyielding spirit as his weapon, started climbing up the ladder of this gorgeous world. But...?

Postscript:

And so I turned it into a 4-koma. But I'm indebted to Mrs Editor for all the support. Even though she helped me so much, I responded to her kindness with ill will. I'm so sorry... (Grovel) It was an interesting occurrence, so I ended up drawing it, but I really am thankful to you!

Excuse me. I forgot to introduce myself. I'm Fujikawa.

I'm very grateful to you for picking up this book!!!

I began drawing this with my ideal type of man in mind, but as I progressed, my daily life was filled with frustration over my lack of experience and my inability to finish it. Even so, I was overjoyed when I received comments like "I love Kiryu-san!"

Well then. Thank you for reading this far. I hope you enjoy the story!
